Wedding Policy and Guidelines

MARTIN UNITED METHODIST CHURCH WEDDING INFORMATION & GUIDELINES

A wedding is one of the happiest and holiest moments in life. As two persons join their lives to establish a home, the church rejoices with them and is eager to help them make their wedding a meaningful occasion. It is not necessary for a wedding to be elaborate in order to be beautiful. The true beauty of the experience lies in the spirit and attitudes of those who take part.

At Martin United Methodist Church, we believe that a wedding is not a social function, but a religious service of worship. As such, the music, floral decoration, ceremony, and movement of the wedding must be in keeping with the dignity and sacredness of worship. These guidelines are to insure that your wedding will be well planned and in keeping with accepted standards of sacred worship.

All of the Martin United Methodist Church staff who are involved with weddings are professional and have many years experience assisting couples with their wedding plans. They are here to inform and assist with all plans as they relate to the church. Always feel free to ask questions and seek help from the staff.

WEDDING POLICY

Music In The Service

A wedding is a service of worship, and in keeping with the dignity of the service, appropriate instrumental and/or vocal music will be planned. The Martin UMC Committee on Worship believes that music should magnify the glory of God who created the love, which exists between man and woman. All music should witness to our faith in God.

The music staff at Martin UMC is professional and it is their job to guide, suggest and assist the wedding party in selecting music that will enhance and add to the deeper meaning of this very important service and day. Their many years of experience working with wedding music and the knowledge of appropriate and meaningful selections is an added benefit to the bride and groom. The music staff is here to help you.

Music Planning

All music planning for the upcoming wedding will be done in consultation with the Martin UMC Director of Music/Organist and a Martin UMC Minister. The bride and groom will be referred at the appropriate time by the office staff and/or wedding coordinator. **All music and musicians will be approved by the Martin UMC Director of Music/Organist.**

The Organist & Organ Music Selection

The Martin UMC Organist will play for all weddings in the church. If the organist is not available, they will refer the wedding to another organist. All additional organists used at Martin are very qualified and outstanding musicians.

At the appropriate time, the bride and groom will meet with the organist to make organ music selections and finalize other music plans. Organ music is selected from a suggested repertoire list. *You are welcome to request pieces that do not appear on the list.*

Solo Vocalists & Vocal Music

The use of vocalist for the wedding is encouraged. The Martin UMC Director of Music/Organist can provide a list of very qualified soloists if desired, and will also quote the fee. *Outside guest soloists are also permitted.* Soloists should contact the organist to set up a rehearsal time prior to the wedding rehearsal. Time does not permit the rehearsal of solos at the wedding rehearsal itself.

Selections of both vocal and choral music, used in the marriage service, must contain lyrics that affirm a Biblical understanding of love, the marriage relationship, and the love of God.

There are many beautiful songs written specifically for the church wedding service. Musical settings of scriptural passages are particularly appropriate. There are a variety of wedding prayers set to music and songs, which speak of spiritual love.

Wedding Music Policy

Songs referring to romantic love are more appropriate for the reception or a social event in celebration of the marriage. Occasionally, a couple requests a secular love song for their wedding service and are disappointed or offended that we can't honor the request in the church setting. We encourage you to take time in your preparations to arrange with the music director/organist to discuss and hear vocal selections with which you may not be familiar, but which you may prefer once you hear them. There are many wonderful and appropriate vocal selections available to you. Both traditional and contemporary in their sound.

Other Musicians For The Wedding

As mentioned, all musicians will be approved by the Martin UMC Director of Music/Organist. These musicians should not be contracted for the wedding until the initial consultations are complete with the Music Director.

Additional music options include but not limited to:

The following policies will govern the work of florist or individuals. The bridal couple must have a clear understanding of these instructions prior to engaging a professional florist or planning any non-professional decorations for the sanctuary and/or reception area.

- The altar and pulpit are a part of our worship and are to remain in place in the chancel area. Likewise, the altar cross will remain on the altar. It may, however, be repositioned on the altar in consultation with the Wedding Coordinator.
- You may use our brass unity or altar candles or provide your own candelabra. ***All candles must have plastic under them.*** No candles may be used outside the chancel area.

Nothing shall be placed on the altar other than appropriate Christian symbols or appropriate flower arrangements.

- Our church decorates extensively for certain holy seasons of the liturgical year. Under no circumstances shall these decorations be removed.
- Nothing may be placed on the altar railings that could easily be knocked off or cause damage of any kind.
- Pew bows of any type or flower arrangements should not be attached in such a way that would damage the finish of any church furniture, floral tape, or large rubber bands are suggested. ***No nails, tacks, staples, pins or any other fasteners may be used.***
- Flower girls may drop ***artificial*** petals only. Live petals leave dark stains on the carpet.
- Birds or other live animals are not permitted in the sanctuary or church reception.
- All decorations and equipment shall be removed ***immediately*** after the ceremony and sanctuary returned to its original condition. In case of damage to church property or equipment, the florist, or those decorating, will be held responsible.
- Only birdseed, bubbles or rose petals may be thrown as the bride and groom leave and then it must be thrown ***outside*** the building only.
- Kindly notify the Wedding Coordinator if the altar flower arrangements will be donated to the church for later congregational worship.

GUIDELINES FOR PHOTOGRAPHERS

The church recognizes the value of wedding photographs as a lasting remembrance, and wants to cooperate while maintaining the order, dignity, and sacredness of the occasion. Reverence for the sanctuary and the ceremony is essential. In the guidelines given below, we define the beginning of the ceremony as the time when the prelude music begins. The following guidelines are the policies of our church related to wedding photography.

The bride's entrance

The bride and groom's exit

Time exposure, without flash, from the rear (behind the white columns), or balcony of the sanctuary during the ceremony itself.

- The church strongly suggests that wedding photographs be taken *before* the ceremony. However, the wedding party may return to the sanctuary immediately after the ceremony for photographs if desired. Keep in mind, however, that a long delay between the wedding and the reception is inconsiderate of your guests.
- Wedding guests and family members with cameras should be requested to wait until the guests are dismissed to take photographs. ***All picture taking during the ceremony is prohibited.***
- Photographers will not stand or place equipment on the pews or other furniture in the church, as it mars their surfaces.
- Video- taping is permissible from specified areas in the sanctuary, but only existing lighting may be used. All taping must be done *unobtrusively*. For more information, check with the wedding coordinator.
- No person is allowed in the chancel area, the area behind the communion rails, during the ceremony other than the wedding party itself. No video taping or still photography will be performed in this area. An un-staffed fixed video camera is permitted in the chancel area.
